**YOUR GO-TO DESTINATION
ON THE SUNSHINE COAST
FOR BEAUTIFULLY
DESIGNED, HANDCRAFTED
WOODEN SURFBOARDS**

We are a small **family-owned and operated** business that specialises in creating **custom surfboards that blend artistry with functionality.**

Our unique approach to creating custom surfboards allows you to take a step back in time to when surfboards were made from timber. This approach means our timber surfboards are eco-friendly and incredibly sustainable.

**READY TO BUILD
YOUR OWN SURFBOARD?**

**JOIN OUR 3-DAY
SUNSHINE COAST WOODEN
SURFBOARD WORKSHOPS!**

We like to keep things pretty relaxed during our wooden surfboard workshops, allowing only one or two participants at a time to craft their timber surfboards. This small group setting ensures you receive personalised attention and guidance, guaranteeing the best results.

By the end of the workshop, your timber surfboard will be crafted and ready for glassing by our expert local glasser. The final product is not just a custom surfboard, but a stunning piece of art you'll be eager to display at home when you're not catching waves.
